# OCR OVER UNDER

**Product number:** no-114

**Dimensions:** W155 x D495 x H130 cm

**Material:** Steel

**Corrosion class:** C4 - Rust and corrosion-proofed, powder coated

**Colour:** Choose from 180 UV-stable RAL colours

### **Description:**

OCR Over Under consists of four units. Two units with a height of 1.3 metres and two units with a height of 0.72 metres. The 8 vertical supports consist of steel tubes with a diameter of 11.4 cm and a 90-degree bend at the top. Between the 8 vertical supports are four electropolished stainless steel tubes that can withstand the repeated wear and tear caused by frequent use in all weather conditions and by different types of footwear. To ensure a long lifespan and environmentally friendly surface treatment, the two vertical posts are e-painted and subsequently powder-coated. The stainless steel components are electro-polished.
