### Description:

For minimum maintenance, the equipment has no moving parts or bolted joints, screws or similar. The tube thickness of 4 cm ensures that both women and men can get a firm grip and the two staggered bars allow you to train two at a time on the equipment, which is designed for training with own body weight. It's certified according to EN:16630 and ASTM F3101-15 and the elegant and simple design makes it blend in easily with the surrounding landscape.
